

Hello, and welcome to Research Triangle High School!

Since no End of Course exams were given for the 2019-2020 school year due to COVID-19, no School Performance Grade was calculated and no School Report Cards were produced for North Carolina Public Schools. Therefore, RTHS has no grades to report for annual student evaluation.

We use the NWEA MAP test to evaluate student progress in Math, Reading, and Language Usage in all grades. However, we were not able to complete testing in the 2019-2020 school year due to closure of campus. We will have a complete testing cycle in the 2020-2021 school year.

Our college admissions data, SAT and ACT test data, graduation rate, and math readiness data remain consistent with previous years even though not reported by the state report card.

Sincerely,

A handwritten signature in black ink, appearing to read "Eric A. Grunden", with a long horizontal line extending to the right.

Eric A. Grunden  
Chief School Officer
