

Hello, and welcome to Research Triangle High School!

Because of a host of factors related to COVID-19, state test scores from the 2020-2021 school year are [not helpful in evaluating RTHS' performance over that period](#).

The official State Report Card site is linked [here](#), and a copy of RTHS' report is linked [here](#). No School Performance Grade (SPG) will be calculated for RTHS. The school's last SPG was a B.

We are particularly proud of the school's other standardized test scores, such as SAT and ACT. RTHS had the seventh highest SAT average of any school in NC for the 2019-2020 school year, even in a pandemic. Our AP enrollment, graduation percentage, college acceptance exceed state and local averages. Other data support RTHS' positive school climate and culture.

I am always happy to discuss RTHS' past and future. Please feel free to contact the school with any questions you might have.

Sincerely,

A handwritten signature in black ink, appearing to read "Eric A. Grunden", followed by a long horizontal line.

Eric A. Grunden
Chief School Officer
